GLOVES.-Fashion says the following for men: Perrin's Cape Tan Gloves, with pique stitch. Here at \$1.68 instead of \$2 pair.

For ladies are the English Dogs'tin Gloves in new shades of reds and tans, with four big buttons. Here at \$1.25 instead of \$1.50 a pair. The latest from Paris are the French Kid Gloves in blues, greens and reds, with self, white, black and yellow stitching. Broad white band at wrist and four large pearl buttons. Only \$1.50 a pair.

The genuine Pirskin Mousquetaires for 96c a pair in variety that is not equaled in all other stores combined. The scarce reds, blues, &c., are here, stitched in white and colors. A so evening shades in rare and beautiful tints.

The Foster Hook Gloves are being imitated. Here are the genuine at the following unusual prices: 5-hook, \$1 a pair; 7-hook, \$1.25 and \$1.50. Best kid, in fast black and all colors. all colors.

Undressed Kid or Suede Mousquetaires in street and evening shades are here, of all lengths and many prices. Pre-eminently superior for the price are those offered at \$1.55. That equal quality cannot usually be obtained for less than \$1.75 is a fact many know and profit by.

FLOWERS.—It's to be a season of violets. London and Paris say so. French skill is exemplified here in violets as if wet with the dew of a summer morn. Artificial, but the sense of seeing will not tell you so. Only 68c for a bunch of three dozen. A violet and the leaves, just as natural looking, and only 25c a bunch. Here, too, the violets and the leaves, just as natural looking, and only 200 a bunch. Here, too, the violets and leaves combined, like you'll see only on the most expensive imported bats, and we ask only \$1.15 a bunch. Three dozen silk violets for only 68c, and the beautiful field violets, with long stems, that not only look but feel natural, six dozen for 59 cents. Even the cheapest, those only 25c for three dozen, are perfect in form and color.

We know that here is the largest and best flower collection in this town. The stock is new and you haven't yet had time to a scover the fact. But you will. The green house at the White House doesn't contain anything like the variety of flowers as at the Palais Royal. Here are some extra good values: Rose bud and foliage for 10c; choice of La France, American Beauty and Tea roses for 19c; three red or pink roses, with foliage, for 25c; one red and two pink roses, in bunch, for 48c; rose and cluster of buds for 48c; double roses, with buds and foliage, and tookout for the thorns on the long stems.

Generous size bunches of the following, in all colors: Forget-Me-Nots, 35c; Chrysanthemums, 35c; Daisies, 25c; Mignonette, 48c; Velvet Roses, 75c. Flowers of every description to wear in the hair and for dress and hat trimmings. You mustn't judge of qualities by the prices above mentioned. You may know that milliners' profits are like jewelers'. There is as much difference between Palais Royal prices and milliners' prices as between P. R. prices and jewelers' prices, and that brings us to Jewelry.

. EWELRY-Of course you can't be shown the qualities on paper. Prices are given of evening requisites, and you are asked to make comparison with jewelers' quantities

Sterling Silver Hairpins, \$1 to \$5; Neck Chains, \$1 to \$6.75 each.

And what women have onged for—a Ready-made Knot Scarf with strap to fasten at back; adjusted in a noment, always in place; looks as if tied by yourself, only 25c.
